Unscheduled Visits by Vendors

Submitted by speterlin on Wed, 05/27/2015 - 1:46pm

Recently a company representative selling medical supplies visited churches and businesses in the Hinckley Community advising those present that their Automatic External Defibrillators (AED) were out of date and required servicing and supplies. In followup with some of the businesses, the Fire Department found that the devices were working properly and the supplies were not out of date. Please be cautious when dealing with any vendors who appear at your location without a scheduled appointment.

The Fire Department will be glad to inspect any on - site medical supplies and equipment in your business or facility if requested. Contact us at 330 - 278 - 2591 to schedule an appointment
