Welcome

Hinckley Township is a blend of residential, agricultural and commercial areas that pose serious challenges to our Fire and Emergency Service providers. In order to be adequately prepared to handle the various types of emergencies encountered, the Department has spent many hours evaluating the resources and training required for the response to these serious events.

The fires, accidents and other emergencies we face may be less frequent but certainly no less demanding than those in any other community. The thirty five (35) dedicated employees respond both from home and at the station at all hours of the day and night in their quest to provide the best services possible to the Township residents.

As you visit our website, we hope that you will become familiar with the many services we offer that extend beyond the duties of emergency response. From the safety appliances offered at no charge to the safety course taught by our staff, we think that you will find great value in the level of service

Although this web site is the official site for Hinckley Township, it is for informational purposes only. It is not the official record of Hinckley Township; the official records are maintained at the Administration Building.
